

Course Title 科目名	The Japanese Stock Market B 日本の株式市場 B	Instructor 担当者	JUNG, Euicheol 鄭 義哲
Semester 学期	Spring	Credits 単位	2
Course Level 履修年次	N/A	hrs/wks 時間数/週	2
【Course Objectives and Focus: 授業の到達目標及びテーマ】			
The objective of this class is to provide the basic knowledge about the stock and Japanese stock market. Stock market is generally said to be a mirror that reflects the state of a nation's economy. In that respect, understanding stock market is critical to get the picture of what was going on in Japan. This is our goal.			
【Course Summary: 授業の概要】			
This class aims to help you to understand the Japanese Economy and companies through the Stock Market. To achieve the objective, first we will look at the business entity, especially "Corporation" which is the main players in stock market and then will cover the topic of stock itself, including the basic valuation. In the last part, we will look into the system of Japanese stock market and corporate governance in Japan.			
【 Preparatory Work: 準備学習等についての具体的な指示】			
Since we will use some concepts partly from Finance. It will be advisable that you get familiar to it before class. However, we will use just the basic concepts from them. So you don't have to worry too much. If necessary, the information about the material to help you better understand will be given at class.
