

Course Title 科目名	International Cooperation Theory A 国際協力論 A			Instructor 担当者	NODA, Toshiyasu 野田 順康		
Semester 学期	FALL 2023	Course Level 履修年次	N/A	Credits 単位	2	hrs/wks 時間数/週	2
【Course Objectives: 授業の到達目標】							
<p>The purpose of this course is to understand the concept and significance of international cooperation, global issues and volunteer activities.</p> <p>This lecture is divided into three parts.</p> <p>The first part is to learn and understand the international cooperation mechanism including Official Development Assistance (ODA), Technical Cooperation, Participatory Development Process etc. Also, actual development projects implemented by United Nations (UN) and Japan International Cooperation Agency (JICA) are introduced.</p> <p>The second one is to understand the concept of global issues tackled through international cooperation, such as global warming, food and refugees, education, sanitation and gender equality.</p> <p>The third one is to overview international volunteer activities in paying attention to roles of NGOs as well as cooperate social responsibility (CSR).</p>							
【Course Summary: 授業の概要】							
<p>At the beginning, you watch relevant videos to understand basic points on each theme. Then, your lecturer makes an introductory briefing on the theme and open the floor for free discussion. In order to facilitate your discussion, the lecturer gives you some questions time to time. Finally, the lecturer summarizes the discussion to confirm if you understand main issues of the theme.</p>
